*"I am most happy to provide a glowing recommendation for Fringe and their framing talents. We had a space in a wall cabinet that was designed for a TV but no longer was suitable for the purposes. I met with Jennifer who was excellent in helping take an old original painting given to my father and putting together a modern frame to suit the wall cabinet space. My staff liked it so much that we are having a second painting done up with the same matching frame. Many thanks to Fringe!"*

*"Nicole and Jennifer handled framing for an interior design project I worked on in this summer. They were so helpful with selecting the perfect frame and matting, and even let me take a frame sample over to my clients to show them the finish I was thinking about before we moved forward with the order. The end result was beautiful and my clients as well as myself were so happy with the results. You can see how much they love what they do and their service reflects that."*

Both Jen and Nicole bring their sense of design and aesthetics to each and every project ensuring that it is just perfect for the space and the client. I have collaborated with Fringe on many projects and recommend their services to my clients as I trust their attention to detail and care when working with heirloom items and memorabilia to preserve. They love the challenge of framing "things" which helps create truly unique and meaningful art for my clients - they truly go above and beyond!"*

*Dear Jennifer & Nicole,  
I brought in an oil painting that I had commissioned to be framed. I chose this Company because I knew I would get "Custom" Service with special attention to detail. All I had was the canvas. Aside from framing I needed a UV protection from the natural sunlight. Everything I needed in one stop. The owners, Jennifer & Nicole were very attentive, polite and professional. I had an idea of what I wanted but relied on their expertise to guide me. They went to great lengths to source what would look best. The painting now looks amazing!!!! I am so pleased with the outcome and their efforts to provide excellent workmanship and service.*

*Thanks for outstanding service!*

*Kindest Regards, Annette*

*This is a beautiful place! I love how it's actually a gallery with many shows through out year! The framing is excellent quality and professionally prepared. I found the staff to be knowledgeable and kind, not like Michael's where everyone is just waiting to leave work. It's obvious that the ladies that work there love what they do.*

*I recommend this framing gallery to everyone*
